

# A-Frame Aluminum

## A-FRAME

Viewable Graphics = 27.25"wide x 39" tall

← Snapframe covers .25" on all sides →

A diagram illustrating the dimensions of an A-frame aluminum snapframe. It features a large white rectangular area representing the frame. A horizontal red line with arrowheads at both ends is positioned near the top, with the text "Snapframe covers .25" on all sides" centered above it. A vertical red line with an arrowhead at the bottom is positioned near the center, extending downwards from the horizontal line. These lines indicate the .25-inch coverage of the snapframe on the top and bottom edges of the viewable graphics area.
